

EE 122/ME 141 Week 7, Lecture 1: Stability

Instructor: Ayush Pandey

Date: March 2, 2026

1 Announcements

- Problem set 6 is due 3/4. Solutions will not be provided before the exam to encourage you to work through all problems on your own. You are allowed and encouraged to confirm with the instructors if your solutions are correct.
- Midterm on Mar 04 (Wednesday). Exam duration: 90 minutes. Will cover all material from Week 1 to Week 6.

2 Learning Objectives

By the end of this lecture, you should be able to understand the formal definition of stability of dynamical systems.

3 Stability of Dynamical Systems

This lecture covers material directly from the textbook. Start reading Section 5.3 of Chapter 5 starting at Page 5-8 and ending on Page 5-10. You can find a direct [link here](#).
